

ANGELO D. ASENSI

APPLICATION DEVELOPER

Purok 3 Calicanto Batangas City | asensiangelo@gmail.com | +639159549265

About Me

I am a qualified and dedicated Application developer with almost four years of experience in application development. I seek to join a spirited team where I can utilize my skills to help drive the success of the company. Have particular sets of experiences of maintaining CTRM and Petroleum ERP software systems. Team-oriented with strong analytical skills and deep knowledge of using development tools and standards to provide business solutions.

Education

BATANGAS STATE UNIVERSITY **2018 – 2022**
Bachelor of IT, Major in Business Analytics

Work Experience

JR. APPLICATIONS DEVELOPER iRely Philippines Inc. **June 2023– May 2026**

- Contribute on Maintaining software systems such as Contracts Module for CTRM Software System and Accounts Receivable Module for Enterprise Petroleum Distribution Software.
- Ample experience in maintaining and creating full-stack Features, such as Maintenance Screens, Search Screens, Reports and etc.
- Provide problem solving skills by troubleshooting, debugging and analyzing applications to be able to deliver solutions within tight deadlines.
- Coordinate and collaborate with business analysts, project managers, and implementation consultants to align technical solutions with business needs.
- Applied AI-assisted development tools such as Cursor and Atlassian Rovo on daily tasks to improve work productivity, attain faster deliverables and code quality.
- Utilize Azure cloud technologies, CI/CD pipelines, and Dev Ops tools to maintain reliable application delivery and infrastructure.

COMPUTER PROGRAMMER University of San Agustin **June 2022 – April 2023**
